

The Providence Cancer Center

The Providence Cancer Center is located in Anchorage, AK and VT's distributor on the job was Summit Windows & Doors of Anchorage. Over **900 Plain Sliced White Maple Doors** with a clear finish were installed. They featured A grade veneers that were book and running matched on the individual doors and book and balanced matched on the pairs of doors. The cancer center is just one of many jobs that Summit Windows & Doors has had on the Providence Health Campus and they have used VT Architectural Wood Doors.
