Revision 00

---

Applies to Flush doors

## **TIMELY FRAME APPROVALS**

VT doors are now approved for use in 18-, 20-, and 22-gauge knockdown-type hollow metal frames with positive pressure fire ratings up to 60-minute. Frames may be installed in steel stud or wood stud drywall or masonry walls. Maximum sizes allowed are 4-0x8-0 singles, and 8-0x8-0 pairs.
